

OPENING THE DOOR TO HOMEOWNERSHIP

The Homes by CFE Down Payment Assistance (DPA) program is designed to increase Black and LatinX homeownership in the District of Columbia and eliminate the financing gaps experienced by the Black and Latinx community. The DPA program uses the Special Purpose Credit Program framework to provide assistance to Black and Latinx borrowers with unmet credit needs that have locked them out of homeownership.

HOMES BY CFE PROGRAM GUIDE

Program Basics

The DC housing market is a challenging landscape for potential homeowners. Many borrowers are mortgage-ready, but Black and Latinx buyers are often disadvantaged when saving for down payment and closing costs to purchase a home. Homes by CFE was created with those borrowers in mind.

Our solution is simple. The Homes by CFE DPA program provides additional capital as down payment assistance and additional closing cost assistance for income-qualified borrowers. The assistance is provided as a second trust mortgage lien on the property. The borrower simply makes monthly interest-only payments on the total amount of financial assistance, closing the gap between what they have and what they need to become homeowners in D.C.

Eligibility

Borrowers must meet all of the following eligibility criteria to qualify for the Homes by CFE program.

Race and Ethnicity

Homes by CFE is a Special Purpose Credit Program created to expand homeownership opportunities for the African American / Black and Hispanic / Latinx communities. Borrower must identify as African American / Black and Hispanic / Latinx to qualify. Learn more about Special Purpose Credit Programs on our website.

Location and Property Type

Borrower must be purchasing a property in the District of Columbia. Eligible properties include single family homes, condominiums, and cooperative units. Multi-family units consisting of 1-4 units are not eligible for this program.

Property Purchase Price

Purchase price of the property can not exceed \$584,400. (Maximum purchase price is adjusted annually and is subject to change.)

Residency

Homes by CFE assistance is only available for the purchase of a primary residence in the District of Columbia.

Income Limits

Borrower's income must fall below 120% Median Family Income (MFI) for their household size. If there is a co-borrower the co-borrower's income must be included. Children and additional dependents are included in household size.

Household Size	80%	100%	120%
1	\$72,250	\$90,300	\$108,350
2	\$82,550	\$103,200	\$123,850
3	\$92,900	\$116,100	\$139,300
4	\$103,200	\$129,000	\$154,800
5	\$113,500	\$141,900	\$170,300
6	\$123,850	\$154,800	\$185,750
7	\$134,150	\$167,700	\$201,250
8	\$144,500	\$180,600	\$216,700

These limits are based on the D.C. Department of Housing and Community Development's Inclusionary zoning income limits and MFI guidelines. These figures are updated annually.

Borrower must be a first time Homebuyer

Homes by CFE uses the FHA definition of first time homebuyer.

A first time homebuyer is defined as:

- Individuals who have had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This may also include a spouse, so if either meets the above test, they are considered first-time homebuyers.
- Single parents who have only owned a property with a former spouse while married.
- Individuals who are displaced homemakers and have only owned with a spouse.
- Individuals who have only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations.
- Individuals who have only owned property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.

Cash Reserves

After the loan closes, the borrower may not have more than six months of cash reserves. Cash reserves are defined as the total of all mortgage payments, including Homes by CFE assistance, plus taxes and insurance. (This does not include 401ks).

First Trust Lender

Borrower must be able to qualify for a first trust mortgage, and mortgage lender must be willing to accept the terms of the Homes by CFE Down Payment Assistance loan.

Homeownership Counseling and Program Orientation

Borrower must participate in homeownership counseling and provide a certificate of completion to Homes by CFE. Borrower must also complete Homes by CFE's homebuyer orientation.

How it Works

Homes by CFE provides up to 20% of the purchase price of the property to the borrower for down payment assistance up to a maximum purchase price of \$584,000. The borrower must fall at or below 120% MFI (see income eligibility above). If the borrower falls at or below 100% of MFI, Homes by CFE also can provide up to \$10,000 in additional closing cost assistance. In exchange the borrower makes monthly interest only payments on the total amount of assistance provided. The principal balance is repaid when the property is sold or refinanced. If the borrower wishes to contribute more of their own funds to the purchase of their property, Homes by CFE will reduce the amount of the loan by the amount of additional funds available from the borrower.

The Specifics

DPA Program Assistance Amounts

Homes by CFE contributes up to a maximum of 20% of the purchase price in down payment assistance up to a maximum of \$100,000. Borrower is able to contribute additional funds to their home purchase. The DPA program total assistance amount will be reduced to keep the maximum program contribution at 20%.

Additional Closing Cost Assistance

For borrowers who fall at or below 100% Median Family Income (see income eligibility for limits), an additional \$10,000 is available for closing cost assistance. The total Loan to Value (LTV) (total of all mortgage loans and all additional assistance financed) must fall below 105% of the purchase price of the property. Property purchase price limits apply.

Interest Rate

The Interest rate is determined by the rate set on your first trust mortgage minus 2%. The current rate floor for the program is 4%. The interest rate charged on DPA Program assistance is evaluated quarterly to ensure affordability to program participants.
